4) CPLP: Includes bilateral contributions to the group of countries that make up the CPLP.
5) Yugoslav Federation: From 2003 the name is changed to Serbia and Montenegro.
6) Seychelles: Graduated from the list of ODA countries as of 2018 data inclusive.
7) Uruguay: Graduated from the list of ODA countries, including 2018 data.

Note 1 Afghanistan and Ukraine: Under OECD/DAC reporting rules, the sector "Aid to refugees in the donor country" cannot be distributed geographically as it does not constitute a flow to the recipient country, and the coding "Developing Country Not Specified (998)" applies. This rule has particular influence on ODA to Ukraine and Afghanistan, where the "Aid to refugees in the donor country" figures are significant. Therefore, in order to make the total ODA to both countries clear, the amounts relating to the sector "Aid to refugees in the donor country" have been allocated to the respective country.

Note 2 Turkey: According to OECD/DAC reporting rules, aid granted by EU Member States to the FRIT-Facility for Refugees in Turkey mechanism, aimed at helping Syrian refugees in Turkey (host country), is classified as Turkey as a beneficiary country, even though it is intended for Syrian refugees. The OECD/DAC harmonized the reporting of all donors, which meant that Portugal had to change its data retroactively from 2016, since PT used to report Syria as a beneficiary country. This map already reflects this change.
